

The following processing order of the RAKs is suggested:

1. IC6.1 Front to Back Overview
2. Analog Design Environment XL (ADE XL) Workshop
3. Virtuoso Visualization & Analysis (ViVA)
4. Introduction to AMS Designer Simulation
5. Guidelines on modeling analog circuits with WREAL
6. Layout Design in IC 6.1.5
7. IC 6.1.5 Constraint Driven Custom Design
8. IC 6.1.5 Rapid Analog Prototyping (RAP) Workshop
9. Parasitic Aware Design Workshop
